

## NamebadgeExpress®

Let us make your customers' name badges for them—quickly & affordably.

Providing attendees with well designed, easy-to-wear name badges is one of meeting planners' most important tasks. It's also one of the most time-consuming, because there are so many steps involved. Just stuffing 100 inserts into holders, for example, can take a planner up to one hour.

That's why **Meetings Direct®** offers our **NamebadgeExpress®** service. It's ideal for all your customers because it provides exactly the amount of help they want. We can do it all for them: print, stuff, alphabetize and put name badges in our exclusive cases. Or we can take on any part of the process.

We'll even add lanyards or necklaces to the holders, include ribbons for the name badges and more. So encourage your customers to get out their wish lists!
